

SUMMER TIRES

WHAT WE HAVE TO OFFER YOU:

- Reliable & affordable summer, winter* and all-season* tires
- Suitable for all kinds of vehicles
- Passenger cars, SUV's, 4x4's, light trucks, caravans and trailers
- Over 450 sizes available – 10 up to 22 inch
- Excellent value for money

* The winter and all-season tires are marked with the 3PMSF-symbol. This means that they are officially recognized as winter tires. Also in winter sport areas.

PROVEN QUALITY

For more than 12 years already, millions Hifly tires have successfully been mounted all over Europe.

The Hifly assortment is continuously updated and supplemented, to meet the constant change in tire demand. While new car types are brought on the market, new OE sizes are developed as well. Hifly can offer you the right tire in every season and many ranges.

PROFESSIONAL MANUFACTURER

Our tires are produced by one of China's leading tire manufacturers: Shandong Hengfeng Rubber & Plastic Co, which was founded in 1995. We have an experienced R&D team and advanced testing facilities. This ensures the reliable and stable quality of the tires.

WINTER- TIRES

3PMSF – SAFETY IN WINTER CONDITIONS

The 3PMSF (Three Peak Mountain Snow Flake) symbol is the only reliable symbol that proves a tire's winter characteristics. Tires with the 3PMSF symbol meet strict conditions and are suitable for the most demanding winter weather. You are allowed to drive with all-season tires marked with the 3PMSF in countries where winter tires are required. All Hifly winter and all-season tires are marked with the 3PMSF symbol.

WIN-TURI 212

WINTER TIRE WITH
GOOD GRIP AND
HANDLING IN HEAVY
WINTER CONDITIONS.
